

Profile Summary

Product & Visual Designer based in Tel Aviv. B.Des graduate in Visual Communication from HIT with one year of experience as a Product Designer at Hopp by Wix. Passionate about crafting thoughtful digital experiences by combining product thinking, strong visual design, and AI-assisted workflows.

Work Experience

Product Designer2025– 2026
Hopp by Wix

- **Designed and refined product features** for Hopp, a mobile-first website and link-in-bio platform.
- **Explored multiple design concepts** for new product features, from initial ideas to polished high-fidelity designs.
- **Designed and built Hopp pages** for clients including Phoenix and Migdal, based on their existing brand identities.
Prepared production-ready Figma files, supported developer handoff, and ensured implementation quality through design QA.
- **Integrated AI tools into the design process** to explore visual directions, develop concepts, create rapid prototypes, and streamline design workflows.

Wix Playground Academy2025
Wix Design Guild

- Participated in a mentorship-based design program, designing and developing my personal portfolio website.

Museum Guide2023– 2025
Design Museum Holon

- Guided visitors through design exhibitions, making design concepts accessible and engaging for diverse audiences.
- Facilitated creative workshops for children and adults, encouraging hands-on learning and creative thinking.
